

## **'Patchwork from the Beginning'** An Introduction to Patchwork and Quilting

**Saturday 8th July 2023**

**10:00am to 1:00pm**

Axminster Heritage Centre, Thomas Whitty House, Bradshaw Meeting Room, Silver Street, Axminster, EX13 5AH

**Tickets £3.50**

Available from Axminster Heritage Centre

This is the first in a series of workshops and is an introduction of the basics of piecing, patchwork and quilting with discussion of history, evolution, various styles and uses of quilted items. The basics of terminology used in this craft will be discussed. We will introduce you to the tools needed, how to plan a project, and give a brief demonstration of initial steps to creating a decorative item.

You will be provided the basic tuition as learning this information will enable you to move forward with a new craft. This dip-in session gives you an opportunity to explore your interest in sewing as a hobby.

The ultimate goal is to progress your skills and techniques in order to have you produce a square on your own. Axminster Heritage Centre has a larger goal of having participants progress to production of a quilt to be hung in the museum.

Cost for this introductory demonstration will be £3.50
